

NEWS RELEASE

January 3, 2014

Foursight awarded PWGSC A TASK BASED PROFESSIONAL SERVICES (TSPS) E60ZN-13TSPS/164/ZN

Under this arrangement, Foursight Consulting is pre-qualified by PWGSC and is now available to all Federal Government Departments and Agencies.

About Foursight Consulting

Foursight Consulting Group Inc. is a Management Consulting firm, which focuses on helping clients uncover what is overlooked; we enable clients to find the ideas that are sometimes “just below the surface”. Our clients tap into our innovative expertise in people and organizational development, and information technology. Some representative engagements include:

- Executive and management coaching services
- Group facilitation – team building, strategic development and idea generation
- Assist organizations to evaluate, design and implement organizational processes and transformation
- Advising clients on Human Resources strategic and operational issues including: compensation, diversity and employment equity strategy, employee relations, HR policies and procedures, performance management and career development
- Advising client on measures to optimize IT delivery costs and service quality and process improvement
- Project management and procurement projects
- Training and development including courseware design and delivery
- Technical writing
